

GHALEB SHHAB

Junior Quality Assurance (QA)

Amman, Jordan | 0792600109 | ghalebshhab12@icloud.com | github.com/ghalebshhab

PROFESSIONAL SUMMARY

Detail-oriented Junior QA Tester with a strong understanding of software testing basics. Skilled in test case design, functional and regression testing, and defect reporting. Familiar with SDLC, STLC, UML, Jira, JUnit, Maven, Selenium, and Postman. Fast learner and motivated to ensure software quality and grow within a QA team.

EDUCATION

Bachelor of Software Engineering (SW)

Graduated in June 2026

The Hashemite University, Zarqa, Jordan | Cumulative GPA: 3.6/4.0

TECHNICAL SKILLS

Testing Tools: Jira, Selenium WebDriver, TestNG, Maven, Postman, JUnit, Eclipse IDE

Methodologies: Agile Methodology, SDLC, STLC

Testing Types: Functional, Regression, Smoke, Sanity, API Testing, Performance (Basic)

Core Skills: Defect Tracking, Test Case Design, End-to-End Testing, UML diagrams

Box Testing: White Box, Black Box, Gray Box Testing

PROJECTS

QA Automation - API & UI Testing (Todo Application)

Selenium UI Automation & API Testing (Java + Maven) | [\[View on GitHub\]](#)

- Developed an end-to-end QA automation framework using Java, Maven, and Selenium WebDriver. Implemented a Hybrid Testing approach, combining REST API testing with UI testing for faster validations.
- Automated CRUD operations and API-driven authentication flows using Bearer tokens.
- Integrated Allure Reports for visual results and established a CI pipeline using GitHub Actions.

CERTIFICATIONS & TRAINING

- Selenium Web Driver Automation Course | QA Cart**
Focused on building advanced automation frameworks using Java and Maven. Specialized in Hybrid testing (UI+API), automated assertions, and CI integration via GitHub Actions and Allure Reporting.
- Web QA Automation Testing (Java, Selenium, TestNG & Maven) | Step-by-step 40-hour course**
Hands-on training in automating web applications, script execution, and framework management.
- Postman API Automation Testing Course | QA Cart**
Experience with API testing using environment variables, pre-request scripts, and collection runs.
- Manual Software Testing Course | QA Cart**
In-depth knowledge of SDLC/STLC, test case design, and the full defect life cycle.
- QA Training Course | Step by Step Center**
Comprehensive training covering Manual/Automation testing and Mobile/Web methodologies.

SOFT SKILLS

Competencies: Attention to Detail, Analytical Thinking, Problem Solving, Team Collaboration.

Work Ethic: Time Management, Multitasking, Adaptability, Ability to Work Under Pressure.

LANGUAGES

Arabic: Native

English: Proficient

Turkish: Proficient
